Camera operator and DOP with over ten years' industry experience. I began my career in 2014 at a kit rental house, developing a strong technical knowledge base while gaining on-set practical experience as a camera trainee, 2nd AC, shooting assistant and camera operator. I've since built extensive experience across a wide range of genres including documentary, entertainment, music promos and branded content. Comfortable shooting single-camera or as part of a multi-camera team, working both in the UK and internationally.

Experienced across multiple camera systems including ARRI, Sony, Canon, Panasonic, DJI Ronin 4D, etc.
